16 POUND PRIME RIB ROAST

The image contains two photographs of the prime rib roast. The left photograph shows a large, raw prime rib roast with its characteristic bone structure, resting on a white surface with a small sprig of green herbs. The right photograph shows the same roast after it has been cooked, sliced into several thick portions, revealing a pinkish-red interior, and garnished with fresh herbs and a sprig of rosemary.

Thank You To T&R Butcher Block
